TRASH TALK...

It has recently come to the ASC Board's attention that ASC Members are tossing trash bags at the site where dumpsters once were located near the range. The 4-H Center maintenance crew reported that birds were pecking open the bags and scattering trash along the ground and into the woods. The ASC Board will take some of the blame because it took us longer than expected to put a dumpster back at the site. That still does not excuse members discarding trash thoughtlessly and carelessly and allowing it to be scattered about on our landlord's property.

The ASC Board has now installed a dumpster back at the site (opposite direction from range gate) for ASC use only. The dumpster is clearly marked "BAY DISPOSAL & RECYCLING" and has a sign on the front that says "Dumpster for ASC USE ONLY - NO TRESPASSING" and has the ASC logo at the top. Please place all trash at the range in this dumpster. **DO NOT LEAVE TRASH OUTSIDE OF A CONTAINER!!!** We do not need any issues with our landlord. **THANK YOU.**

CALENDAR REMINDER: The ASC Board puts important and interesting events on the calendar. Checking the “face” of the calendar is not enough. You need to click on the event title on the calendar. This will open the details of the event. These details include the times the event will occupy the range; which range(s) will be used; whether the ranges will be shared with members; who has priority or control over range if shared; whether members can participate in the event; how much it will cost; whether the event is open to the public; and any other pertinent information that the event may require to function on the range. You may waste valuable time traveling to the range only to find there is an event taking place and members are prohibited on the range upon which you wish to shoot. So, in the coming new year, **CHECK THE CALENDAR AND CLICK ON THE EVENT TO GET THE DETAILS!**

**The ASC Board wants to wish you all a
MERRY CHRISTMAS
HAPPY HANNUKAH
and a SAFE and PROSPEROUS 2018 !!!**
